

## Rooted Experience

*Rooted* is a catalyst for life-change. *Rooted* provokes questions, conversations, and challenging group experiences designed to help you see God in new ways and hear His voice in surprising places. Through this experience we hope you will be emboldened to live out your calling as a radical follower of Jesus.

*Rooted* is a significant commitment, but anything really worthwhile involves a certain amount of sacrifice. During the 10-week experience, you will go through various individual exercises (daily readings, journaling, and prayer) and then meet weekly in your group to talk about what you have learned. You will be surprised what happens when your group gathers and begins to honestly share as the Holy Spirit moves people to open up and share personal stories and feelings. This is where transformation happens.

No matter where you stand in your relationship with Jesus at the beginning of *Rooted*, there is always room to move forward. For some of us that may mean deciding for the first time to follow Jesus and/or being baptized. For others it will mean letting go of some of the things of this world to follow His call more courageously. These kinds of defining moments will mean your life will never be the same.

Come with an open heart and mind, and see how God will surprise you!

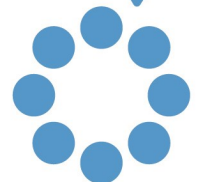

We want to build **community**.

We want **family**, not fans.

We want **attachment**, not attendance.

We want people to **grow**, not just go.

*life is better connected*
